

Terms and Conditions Applicable to All Applicants
Scholarship for Advanced Studies in Geology
In Honour of Colin Campbell Macdonald

Eligibility of Candidates:

1. Candidates shall be a student with Canadian residency with a geology or geological engineering degree who are currently enrolled in or accepted into a post-graduate degree program in geology or geological engineering at the Masters or Ph.D level at a Canadian university, with a preferred focus on mineral exploration.
2. Candidates will have a minimum of six months remaining to complete their studies as of August in the year in which the candidate applies for the scholarship.
3. Candidates shall clearly demonstrate their preference to continue their professional career in the mineral exploration industry upon completing their current post-graduate degree program. Candidates currently pursuing or who are contemplating continuing onto post-doctoral studies will not be eligible for the Scholarship.
4. While the Scholarship Committee shall use the above criteria to determine who is eligible for the award, the decision is at the discretion of the Scholarship Committee. The Scholarship Committee reserves the right to change the criteria used to select candidates for the awarding the scholarship at their sole discretion.

Terms and Conditions on All Applicants:

1. The applicant must be a university graduate in geology or geological engineering who is currently or will be pursuing before the end of the year post-graduate studies in geology or geological engineering with a minimum of six months of studies remaining prior to graduation.
2. All applicants agree that the selection of the successful applicant to whom the Scholarship is awarded is the sole and final decision of the Scholarship for Advanced Studies in Geology Honour of Colin Campbell Macdonald Scholarship Committee (the "Committee") and cannot be reviewed or appealed.
3. All applicants agree that the Committee may contact any educators at their current and past post-secondary educational facilities, and references provided in their application to verify the statements made by the applicant or in the applicant's scholarship application, and to verify their enrolment and academic status.

4. During such interactions, personal information about the applicant may be discussed. The Committee will endeavour to use their best efforts to ensure that such personal information remains confidential but will not be responsible for any personal information that becomes public knowledge as a result of disclosures made by individuals interviewed by the Committee as the result of evaluating the applicant's application.

Terms and Conditions Applicable to the Scholarship Award Winner:

If the Applicant is selected as the Recipient of the award, the student agrees that:

1. The Recipient will submit a satisfactory picture of themselves along with an explanation of the impact this scholarship award has had on them, which will be published on the scholarship's website for a period of not less than one year within six months of the awarding of the scholarship.
2. The Recipient will allow their name, and the name of the post-secondary school which they were pursuing post-graduate studies to be published on the scholarship website in perpetuity.
3. The Recipient will forfeit the award should they be unable to provide a written confirmation of enrolment from the educational institution they plan to attend by December 15th in the year of the award and confirmation that their studies will be focused on geology or geological engineering. The award shall then be awarded to another student.
4. Prior to receiving the award, the recipient shall present to the Committee verification of registration in post-graduate studies at a faculty focused on geological studies at a Canadian university.
5. The award shall be paid by UEX Corporation directly to the Recipient's account at a registered, not-for-profit educational institution considered a "qualified donee" by Revenue Canada Agency.
